

My name is Irina Iuliana Costache, I am a Senior Registrar in Internal Medicine and Senior Registrar in Cardiology and I am working for 29 years in the largest Emergency Hospital in Iasi (St Spiridon Hospital), Romania.

At the same time I am Professor in the Department of Internal medicine and Cardiology at **University of Medicine and Pharmacy "Grigore T. Popa" of Iasi, Romania.**

Working in an emergency hospital I had the opportunity to acquire a vast experience with the main cardiovascular emergencies. Also, on the head of research I have participated in a whole series of clinical trials and research projects within our University. The point of greatest interest was ischemic heart disease having the opportunity to participate as a director of a research grant concerning clopidogrel resistance.

I am main author of 23 books and also author of articles published in ISI indexed and BDI journals.
