- 2007 - 2009 Appointment Committee, Department of Global Health, University of Washington

Special Local Responsibilities

2009	Chair, Ad Hoc Committee to Review Chair of University of Washington Department of Radiology
2010 - 2011	Chair, Search Committee for Vice Dean of Academic Affairs, University of Washington School of Medicine
2011 -	Executive Committee, Washington State Global Health Alliance
2012 - 2013	Search Committee for Chair of Psychiatry, University of Washington School of Medicine
2012 - 2013	Search Committee for Chief Diversity Officer, University of Washington School of Medicine
2013 - 2014	Chair, Search Committee for Chair of the Department of Global Health, University of Washington School of Medicine
2014 -	Search Committee for Director of the Clinical Division of the Fred Hutchinson Cancer Research Center
2015 - 2016	Search Committee for Chair of Family Medicine, University of Washington School of Medicine
2015 -	Board of Managers, Seattle Children's Care Network
2015 -	Member, The University of Washington's President's Executive Committee for Population Health Initiative
2016	Search Committee for CEO of Seattle Cancer Care Alliance, Director of Clinical Research Division. Fred Hutch, Seattle, WA
2016 -	Chair, Search Committee for Chief, Division of Hematology-Oncology, University of Washington School of Medicine, Seattle Children's, Fred Hutchinson Cancer Research Center
2016 -2017	Chair, Search Committee for Chair of Department of Obstetrics and Gynecology, University of Washington School of Medicine
2016 -	Vice Chair to the CUMG Board of Directors, Children's University Medical Group
2017	Member Search Committee for University of Washington Associate Dean of Admissions
2017 -	Management Committee, Brotman Baty Institute of Precision Medicine

Research Funding

University of Tennessee Center for the Health Sciences, New Faculty Grant #E073230-28; Uric Acid Excretion in Human and Canine Neonates. 1/1/80 - 12/31/80, \$23,110.37; Total 1/1/80 - 12/31/81, \$38,676.

LeBonheur Children's Medical Center, Pediatric Urology and Nephrology Research Fund, "Urinary Excretion of Calcium and Uric Acid in Healthy Children - Response to Calcium Loading," \$1000.

General Clinical Research Center - Clinical Associate Physician, R073260-17; Hypercalciuria in Children. 7/1/82-6/30/85, Total \$125,069.

National Institutes of Health, 1R01 AMHD31370; Growth Failure in Children with Renal Diseases. 4/1/83 - 3/30/87, Total \$3,028,634, Multicenter Grant, J.C.M. Chan, M.D., Principal Investigator, UTCHS - \$113,108.

National Institutes of Health, 1R01 AM32910-01, Collaborative Studies of Pediatric Renal Diseases. 9/30/83-8/31/88, Total \$606,843, Multicenter Grant, Ronald J. Hogg, M.D., Principal Investigator, F.B. Stapleton, M.D., Study Director, Hypercalciuria in Children with Hematuria. UTCHS - \$38,648.

LeBonheur Children's Medical Center Research Fund, "Prognostic Significance of Serum and Urinary Uric Acid Concentration in Children Admitted to an Intensive Care Unit," 1984. Total \$2500.

Research Funding

General Clinical Research Center - Renewal Grant, 2M01 RR00211-23. Dr. Stapleton, Co-associate Director. 1985-1989, Total \$4,500,000; Pediatric component \$130,000/year. 20% effort.

LeBonheur Children's Medical Center Research Fund, "Oxypurine Excretion in Critically Ill Children," 1985. Total \$3000.

National Institutes of Health, 1R01 HL35788-01, Cardiovascular Reactivity in Children of Adults with Essential Hypertension. B. Alpert, M.D., Principal Investigator, F.B. Stapleton, M.D., Collaborative Investigator, 10% effort. Total \$574,937. 9/29/85- 9/29/89.

National Institutes of Health, 1R01 AM36473-01, Diet Protein, Growth, GFR in Infants with Renal Failure. 12/1/85 - 11/30/90, Total \$2,121,931. Multicenter Grant, Ronald J. Hogg, M.D., Principal Investigator, F. Bruder Stapleton, M.D., Local Principal Investigator, UTCHS - \$16,433, 1st year. 5% effort.

Merck Sharp and Dohme, Efficacy of Live Attenuated VZ Vaccine in Children with Childhood Nephrotic Syndrome. Multicenter Study, Ronald J. Hogg, M.D., Principal Investigator, UTCHS - \$3000/year. Beginning date 9/85.

Tennessee Higher Education Council, Centers for Excellence Application, Center for Pediatric Therapeutics and Pharmacokinetics. F.B. Stapleton, M.D., Co-Principal Investigator and Medical Director of Clinical Research. Total \$1,674,000. 7/1/85 - 6/30/91.

LeBonheur Children's Medical Center Research Fund, "Diagnostic Studies on the Pathogenesis of Hematuria in Children with Hypercalciuria," 1986. Total \$4900.

LeBonheur Children's Medical Center Research Fund, "Risk of Renal Calcifications in Children with Hypercalciuria," 1987. Total \$5000.

North American Pediatric Renal Transplant Cooperative Study, Brooklyn, New York. Multicenter Study - Amir Tejani, M.D., Principal Investigator. F.B. Stapleton, M.D., Local Principal Investigator. 1987.

General Clinical Research Center - Competitive Renewal 2M01 RR00211-24. Dr. Stapleton, Co-Associate Director. 1988-1993, Total \$11,108,911; Pediatric component \$240,000/year. 30% effort.

LeBonheur Children's Medical Center Research Fund, "Potassium Citrate Therapy in Children with Hypercalciuria and/or Hypocitraturia," 1988. Total \$6,258.

General Clinical Research Center - Clinical Associate Physician, #3 M01 RR00211-24S1; Calcium Control of PTH Secretion, 4/1/88 - 3/31/91, Total \$176,376, Charles P. McKay, M.D., CAP Applicant; F. Bruder Stapleton, Faculty Mentor.

National Institutes of Health, Short-Term Training of Minority Medical Students, 5 T35 HL07765; F. Bruder Stapleton, M.D., Principal Investigator. September 30, 1992 to September 29, 1997, Total award \$271,365.

Indirect Medical Education Demonstration Project Grants, 9/1/92-8/31/94. (1.) Comprehensive Minority Recruitment Project \$259,400. (2.) Primary Care Resident Recruitment Program \$389,057. (3.) Community Academic Practice Site Development Program \$315,100.
