## انجازات وحدة الخدمات للعام الجامعى 2014/2013م

The achievements of the service unit for the academic year 2013/2014

أولاً: مشروع رفع كفاءة البنية الأساسية للشبكة Project of upgrading network infrastructure

يهدف المشروع إلى The project aims to:

تقديم الدعم الفني للمستخدمين والمستفيدين من الخدمات والتطبيقات المتاحة من خلال شبكة معلومات الجامعة.

Provide technical support to users and beneficiaries of services and applications available  
through the information network of the University.

متابعة كافة الأعطال الموجودة في الأجهزة والشبكات وحلها وتوثيقها واعداد تقرير شهري بالأعطال.

Follow all the faults found in devices and networks, and documenting and reporting  
monthly breakdowns.

متابعة أداء الشبكة وقياس مستوى رضاء المستفيدين عن أداء الشبكة

Follow-up to the network performance and measuring the level of satisfaction of  
beneficiaries about network performance

إضافة نقاط جديدة سلكية ولاسلكية في ضوء الإمكانيات المتاحة وبالتنسيق مع المشروع الرئيسي بالجامعة

Add new wired and wireless in the light of the possibilities available in coordination with  
the main project of the University

ثانياً مشروع البوابة الإلكترونية the electronic portal project

يهدف المشروع إلى The project aims to::

أولاً: التكامل مع أنشطة وحدة إدارة المشروعات بإنشاء مواقع بكل الكليات لوحدات الخدمات التكنولوجية توضح  
دورها، وفرق العمل، وكيفية الاتصال/والخدمات التي تقدمها وطرق التفاعل، والأخبار والتنويهات، ويعمل هذا الموقع  
بأسلوب إدارة المحتوى ويتم تسليم الموقع بمحضر رسمي لمدير المشروع بالكلية بيقوموا بإدارته بشكل تام. وإعطاء  
الأولوية في التنفيذ للكليات المتقدمة للاعتماد لمساعدتها.

Firstly: integration with the activities of the project management unit to create sites in all colleges of  
technology services units clarify its role, work teams, and how to contact/services and methods of  
interaction, news announcements, and this site content management method and site are delivered by an  
official transcript to the College they excite project manager to manage. And give priority to  
implementation of advanced faculties

ثانياً: خدمة الطلاب وأعضاء هيئة التدريس بنشر الأخبار والتنويهات وأرقام الجلوس واللجان

II: serving students and faculty members to post news announcements and figures sit and committees

نشر الأخبار باللغة العربية والانجليزية بنفس المعدلات السابقة.

Arabic-language news and English in the same previous rates.

نشر أرقام الجلوس واللجان (ويفضل صور توضيحية) للفصل الدراسي الثاني لكل طلاب الجامعة.

Publish figures sit and committees (preferably photo caption) for the second semester  
for all students.

ثالثا : تحسين المؤشر العالمي بالاستمرار في نشاط زيادة روابط التي تشير إلى نطاق الجامعة

Third: improving world index continue to actively increase the links pointing to a University

ضخ الأخبار على مواقع التواصل الاجتماعي (كل الأخبار باللغة العربية)

Pump news on social networking sites (both Arabic-language news)

ضخ الأخبار على المواقع الداعمة (لكل كلية ثلاثة مواقع داعمة على الأقل) تنشر نفس الأخبار من نطاقات مختلفة.

Pump news sites supporting (for each College three sites supporting at least) published the same news from different domains.

يمكن الاستعانة ببعض البرامج التي تقوم بالضخ الآلي لمواقع محددة لزيادة الروابط فقد ثبت نجاحها في بعض الجامعات

You can use some software that automated pumping to specific locations to increase linkages has proved successful in some universities

رابعا: خدمة قطاع الأبحاث والدراسات العليا بالجامعة بتحسين أداء مستودع النشر العلمي للجامعة

IV: research and postgraduate University with improving the performance of the repository of scientific publications of the University

تحسين أدوات البحث بكل العناصر البيبلوجرافية

1.Improved search tools for all items bibliography

وجود رابط بين البحث وصفحة عضو هيئة التدريس (أو أعضاء هيئة التدريس للأبحاث المشتركة) في الاتجاهين

Link between research and faculty member page (or faculty research) in both directions

وضع التعبيرات المفتاحية لكل بحث (ممكن استخراجها للأبحاث الدولية ) وكذلك الاستعانة بالتعبيرات المفتاحية للرسائل من مشروع المكتبة الرقمية

Put key expressions for each search (possible extract Research International) as well as the use of tagged expressions for messages from digital library project.

زيادة الأبحاث لكل جامعة (متوسط ثلاثة أبحاث لكل عضو هيئة تدريس)

Increased research for each League (average three research for each faculty member)

وضع البيانات البيبلوجرافية لكل الرسائل الجامعية Bibliography data for each thesis

ثالثا مشروع إتاحة المحتوى التعليم الإلكتروني: draft make eLearning content

يهدف المشروع إلى: The project aims to

متابعة تفعيل استخدام المقررات الإلكترونية (تدريب الطلاب بالتعاون مع مركز الجامعة- التنسيق مع إدارة الكلية لتوفير مكان للطلاب مزود بخدمة الانترنت للدخول على المقرر) .

Follow the activation using e-courses (train students in cooperation with the Centre for coordination with University Administration to provide a place for students with Internet access.)

تحفيز وتشجيع السادة أعضاء هيئة التدريس على تحويل مقرراتهم إلى مقررات إلكترونية

Stimulate and encourage faculty members to convert electronic decisions

متابعة إنتاج المقررات الإلكترونية (في حال وجودها). Track the production of e-courses (if any).

(\* ) على أن يتم ما سبق بالتنسيق مع مركز إنتاج المقررات الإلكترونية بالجامعة

خامسا مشروع التدريب : training project

يهدف المشروع إلى The project aims to ::

الاستمرار في تنفيذ الخطة التدريبية التي تم وضعها بالتعاون مع مشروع التدريب بالجامعة وبالتنسيق مع إدارة الكلية

بحيث يتم الانتهاء من تدريب الموظفين المستهدف تدريبهم على المسار الأساسي Basic Track ونظام MIS continue to implement training plan developed in cooperation with university training project in coordination with the Administration so that completion of staff training target training on basic track Basic Track and MIS system

تنفيذ خطة التدريب بالتنسيق مع مدير مشروع التدريب بالجامعة لتحديد مواعيد التدريب للمتدربين (أعضاء هيئة تدريسيين -طلاب) وتوفير المعامل في الكليات حين الحاجة إليها.

Implementation of training plan in coordination with the University training project manager to schedule training for trainees (faculty-students) and the provision of laboratories in colleges when needed.

التدريب لطلبة الكلية جميع الفرق الدراسية :

Training of the college students of all academic teams:

تم عقد دورات تدريبية مجانية لطلبة الكلية من جميع الأقسام تحت إشراف والسيد الأستاذ الدكتور / السيد أحمد النشار عميد الكلية ، وقد تم التنفيذ بإشراف مدير وحدة الخدمات التكنولوجية بالكلية لعدد كبير من دورات الحاسب الآلي المتخصصة وذلك بمعامل الحاسب الآلي بالكلية وهي :

Free training courses were held for the students of all the departments under the supervision of Prof. Mr. Ahmed ElNashar Dean, has been implementing the supervision unit manager with total technological services to a large number of computer courses specialized in computer labs in College:

دورة تدريبية في نظام التشغيل ويندوز (Windows)

Training course on Windows operating system (Windows) and Microsoft

دوره تدريبية في برنامج الكتابة ( Word : Training course in Word )

دورة تدريبية في برنامج اكسيل (Excel : Training course in Excel)

دورة تدريبية في برنامج اكسس (Access : Training course on program access )

دورة تدريبية في برنامج فوتوشوب (Photoshop : Training course in Photoshop )

دورة تدريبية في برنامج باور بوينت (PowerPoint : Training course in program PowerPoint)

دورة تدريبية في برنامج فلاش (Flash : Training course on Flash)

دورة تدريبية في برنامج دريم وفر : (Dreamwaver) Program Training course provided

حيث انه قد تم التنفيذ بالفعل لعدد كبير من هذه الدورات وتم تأجيل عدد كبير من الطلبة على قوائم الانتظار نظرا لعقد امتحانات نهاية العام الدراسي .

As it was already a large number of these courses were postponed until a large number of students on waiting lists because of end-of-year examinations.

ثانيا : تم عقد دورات تدريبية تأهيلية للسادة الموظفين وذلك بمركز التطوير بالجامعة .

II: training courses for staff and gentlemen by University Development Center.

## Research interest

- Laser-Jet Technology On Weaving Machine
- Antimicrobial Throw Volume Porosity
- Membrane Technology For Filtrations: Water/Wastewater, Air Conditions, Cement Factory, Gas And Petroleum
- Solar textiles (SOLATEX) of composite fabrics structures as alternative energy.
- Functional Nanobiodegradable
- Computational Mathematics
- Fluid Mechanics
- Composites fabrics structures
- Automotive of - Composites fabrics structures so airbags systems
- Energy Effective Method of Modeling and Manufacturing
- MULTISTITCHED 3D NANO COMPOSITE
- Composites made of multilayered
- Nanoart, and Nanotechnology in textiles and apparel branch.
- improved simulating fitting cloth model of apparel surfaces.
- the influence of the bulky woven fabrics on thermal insulation properties of clothing.
- Design curtains fringe and passementerie strips of lace design elements in current high fashion.
- Representative volume of design elements and mathematical of pile and velvets woven fabrics.
- Volume porosity and permeability in fabrics.
- Porosity and permeability in multi-layer woven fabrics.
- The influence of weave and the method of stitching on some mechanical properties of woven double fabrics.
- Effect the design and materials of eyes swathe dressing and diapers clothes for infant's incubator.
- The effective of some difference between the methods of the embroidery on some performance properties to the clothing product.
- The effective of some difference structures on quality of pilling cloth
- Effect of some different care systems process on dyeing cotton fabrics
- Effect of some fabric constructional on comfort and the aesthetic properties for kid clothes
- Using remote sensing technology for monitoring of chemical pollutions and bioremediation of chemical -contaminated water

- Body shape analysis of Hispanic women
- Laser-jet technology
- Mesh knitting for fisheries technology
- Nanoart, and Nanotechnology in textiles and apparel branch.
- Design database for better forecasting to fashion trends, target market is essential for profitability, consumer preferences, needs, and descriptions are a basis for much of the practical side of the research. Finding ways to meet consumer needs through better market research, improved customization processes,

## C.V. Elsayed Elnashar \_ 2020\_ January\_2020

- improved simulating fitting cloth model of apparel surfaces, conducted extensive research in the areas of 3d body scanning, sizing systems, fit, mass customization, and rapid prototyping.
- the influence of the bulky woven fabrics on thermal insulation properties of clothing.
- Design curtains fringe and passementerie strips of lace design elements in current high fashion.
- Representative volume of design elements and mathematical of pile woven fabrics.
- Volume porosity and permeability in warp pile woven fabrics.
- Porosity and permeability in multi-layer woven fabrics.
- The influence of weave and the method of stitching on some mechanical properties of woven double fabrics.
- Effect the design and materials of eyes swathe dressing and diapers clothes for infant's incubator.
- The effective of some difference between the methods of the embroidery on some performance properties to the clothing product.
- The effective of some difference structures on quality of pilling cloth
- Effect of some different care systems process on dyeing cotton fabrics
- Effect of some fabric constructional on comfort and the aesthetic properties for kid clothes
- Solar textiles (Solatex) new yarns and composite fabrics structures
- Using remote sensing technology for monitoring of chemical pollutions and bioremediation of chemical -contaminated water
- Technology systems of embroidery and multi-head machine
- Three-dimensional to two-dimensional
- Automatic pattern unwrapping technology
- Energy saving and improving stretch properties
- Spring-mass based modeling for fabrics physics to 3D garment
- Cloth design and application
- Clothing simulation and animation
- Body shape analysis of Hispanic women
- Tires and rubber industry
- Vertical Education and training

## THESES SUPERVISOR

Name	Title	Date completed
Yaraa Ezat Ragab	"EVALUATION OF CROCHET TOPICS FOR THE PRIMARY STAGE IN THE LIGHT OF THE EDUCATIONAL OBJECTIVES."	
Abeer Abdelwahab	"A STUDY EVALUATION READYMADE CLOTHES CURRICULA IN TECHNICAL SECONDARY SCHOOLS AND LABOR MARKET NEEDS"	
Ahmed allam	Recycling the Waste of cotton spinning stages and employing it for the production of yarns and fabrics with high endurance and multi-purposes	Working
Doaa Saleem	The effectiveness of an electronic program in the collection and development of the skill of fashion design for students of industrial technical schools	Done
Manal Aziz	Embroidery systems of computer and the relationship with garments clothes	Done
Rolla sad	The effect of some stitching types and weft material (spandex) on bulking properties of woven double fabrics	Done
Asmaa Tahaa	Field study on the craft of curtains fringe& passementerie in mahalet marhoum for utilization of it in scientific authorizes	March 2011
Enas Elphuakhry	The effective of some difference between the methods of the embroidery on some performance properties to the clothing product	May 2009
Marua Helmy	The effective of some difference structures on cloth on quality of pilling of mixed cotton cloth	July 2008
Ghada Omar	Effect of some different care systems process on dyeing cotton fabrics	08/02/2006
Shimma shatara	Effect of some fabric constructional on comfort and the aesthetic properties for kid clothes	07/25/2006

Theses Examiner

C.V. Elsayed Elnashar \_ 2020\_ January\_2020

1- Master Thesis: "Used Clothes and its Effect on Human Health".

Candidate: Heba Gamal Abdel Haleem Ehsayed

Faculty of Specific Education, Alexandria University. Egypt.

Date: December 2013.

2- Phd Thesis: "Effectiveness of e - learning in the development of textile skills and cognitive achievement of students of art education".

Faculty of Specific Education, Kaferelsheikh University. Egypt

Candidate: Domian Morkous anour smaan

Date: December 2012.

- An Examiner To Review The Doctoral Thesis Entitled “DEVELOPMENT OF SCIENTIFIC FUNDAMENTALS TO ENSURE THE FLEXIBILITY OF CLOTHING DESIGN USING EXPERT SYSTEMS” authored by Oksana Zakharkevich. (24 september 2018), Department of Clothing Technology and Design , Khmelnytskyi National University, Institutskaya street, 11, Khmelnytsky, Ukraine.

-

And two papers Entitled:

- **EXPERT SYSTEM TO SELECT THE FABRICS FOR TRANSFORMABLE GARMENTS.**

- **DEVELOPMENT OF THE METHOD OF SCALING PATTERNS AND VIRTUAL GARMENTS FORMS**

PROMOTION OF ACADEMIC STAFF, PROMOTION OF KNOWLEDGE – DR.CHARLES

FRIMPONG, THE Kwame Nkrumah University of Science and Technology, Kumasi, is

considering one of its Staff for promotion from Senior Lecturer to Associate Professor in the

Department of Industrial Art in our College of ART AND BUILT ENVIRONMENT

LIST OF PUBLICATIONS – DR. CHARLES FRIMPONG

1- “Classicon”: Innovative Designs from Classical and Contemporary African Textile Print Design Concepts.

2- Rice Bran, An alternative nitrogen source for Acetobacter xylinum bacterial cellulose synthesis”.

3- A combined material submission and process change approach to sustainable batik productions.

4- A manual beaming device: An improved method for warp winding in broadloom weaving”.

5- Roselle Calyces (Hibiscus subdariffa) Anthocyanins extracted by aqueous microporous resin adsorption method for dyeing of wood fabrics”.

6- Textile surface pattern designs as medium of promoting educational policies in Ghana “.

## C.V. Elsayed Elnashar \_ 2020\_ January\_2020

- 7- The state of Cotton production in Northern Ghana
- 8- Exploration of innovative techniques in printed design “.
- 9- Asoo: An innovative print-dyeing colouration,
- 10- Kanto: An innovative approach to batik production”.
- 11- Adaptation of traditional symbols into bridal wear”
- 12- Opening and cleaning technology for cotton fibers,
- 13- A Manual Beaming Device: An improved method for warp winding in broadloom weaving,
- 14- Comparative analysis of patronage of classical and contemporary African textile prints in Ghana,
- 15- Campus companies : Harnessing the Potential of fashion and textiles Production Units in Ghanaian Polytechnics for income Generation
- 16- Contemporary trends in Adinkra Cloth production: Design, Printing Technique , Base Fabric and Printing Paste(DYE).

Blurb/Shorttext:

المصمم هو المحور الرئيسي في العملية التصميمية, ويجب أن تتوافر لديه ملكة الإبتكار والتحليل والتكوين"أي الجمع بين العناصر"والإتصال,هذا بالإضافة إلى المعلومات الخاصة بالتكنولوجيا والدراسات الإنسانية,وبالحلول الموجودة بالفعل والميول المستقبلية.يعتبر مصمم الأزياء المحرك التالي لعملية التنبؤ بالموضة للأزياء وهو الأساس في مجال تصميم موضة الأزياء,ولكل مصمم مصدرا أو أكثر يستلهم منه بأحاسيسه فكرة معينة جديدة سرعان ما تلاقى إقبالا وتصبح موضة سائدة, وكل فكرة تؤدي إلى فكرة أخرى..فالموضة الجديدة أو التصميم الجديد ينبع ممن الموضة السائدة وفقا للظروف المؤثرة عليها ووفقا للبيئة والمجتمع.

The Allied Academies journals have been performing very well in Business and Management and are a perfect fit for our readers. We provide our authors and readers a platform that serves them well and helps them share their work with the global community. We are expanding the focus of Allied Academies beyond Business and Management Journals to incorporate scientific areas as well
