

CURRICULUM VITAE

Prof. Dr. Thomas G. Wiedemann, MD, PhD, DDS, FEBOMFS, DICOI

EDUCATION:

- Degree/Certif. : Certified Expert Witness in Dentistry
Field of Study: Dentistry
Conferred: 2007 Institution: Academy for Dental Education
Address: Lorenzstr. 7, 76135 Karlsruhe, Germany
- Degree/Certif. : Diplomate, International Congress of Oral Implantologists (ICOI)
Field of Study: Oral Implantology
Conferred: 2006 Institution: International Congress of Oral Implantologist (ICOI)
Address: 55 Lane Road, Suite 305, Fairfield, NJ 07004
- Degree/Certif. : Fellow, European Board of Oral- & Maxillofacial Surgery –
Head & Neck Surgery (FEBOMFS)
Field of Study: Oral and Maxillofacial Surgery, Head and Neck Surgery
Conferred: 2006 Institution: The European Union of Medical Specialists (UEMS),
European Board of Oro-Maxillo-Facial Surgery (EBOMFS)
Address: 24 Rue de l' Industrie - 1040 Brussels - Belgium
- Degree/Certif. Certificate: Educator / Instructor in Implant Dentistry
Field of Study: Oral Implantology
Conferred: 2005 Institution: German Consensus Conference in Implant Dentistry
Address: Mühlenstraße 18, 51143 Köln
- Degree/Certif. Certificate in Implant Dentistry
Field of Study: Oral Implantology
Conferred: 2002 Institution German Consensus Conference in Implant Dentistry
Address: Mühlenstraße 18, 51143 Köln
- Degree/Certif. Certificate in Oral and Maxillofacial Surgery
Field of Study: Oral- and Maxillofacial Surgery, Head- and Neck Surgery
Conferred:1999 Institution: German General Medical Council and General Dental Council
- Degree/Certif. Dr. med. dent. (Doctoral thesis)
Field of Study: Oral- and Maxillofacial Surgery
Conferred: 1995 Institution: Ludwig-Maximilians University Munich, School of Dentistry
Address: Bavariaring 19, 80336 Munich
- Degree/Certif. Doctor of Dental Surgery (DDS)
Field of Study: Dentistry
Conferred: 1994 Institution: Ludwig-Maximilians University Munich, School of Dentistry
Address: Bavariaring 19, 80336 Munich

Degree/Certif.	Dr. med./PhD
	Field of Study: Cardiovascular Physiology
Conferred: 1991	Institution: RWTH Aachen University of Technology, Medical School
	Address: Templergraben 55, 52056 Aachen
Degree/Certif.	Medical Doctor (MD)
	Field of Study: Medicine
Conferred: 1989	Institution: Ludwig-Maximilians University Munich, School of Medicine
	Address: Bavariaring 19, 80336 Munich
Degree/Certif.	ECFMG-Certificate
	Field of Study: Medicine
Conferred: 1988	Institution: Educational Commission for Foreign Medical Graduates

ACADEMIC POSITIONS

2021- Present	Title: Clinical Associate Professor (F/T) Institution: NYU - College of Dentistry Location: 345 E 24 th St, New York, NY 10010
2017- Present	Title: Assist. Dir., Adv. Programs for Internat. Dentists in Oral Surgery/RCSI (F/T) Institution: NYU - College of Dentistry Location: 345 E 24 th St, New York, NY 10010
Dates 2016- 2021	Title: Clinical Assistant Professor (F/T) Institution: NYU - College of Dentistry Location: 345 E 24 th St, New York, NY 10010
Dates 2015- 2016	Title: Faculty and Contributor (P/T) Institution: Dental Equities and Peer United Location: Irvine, CA
Dates 2002- 2004	Title: Visiting Faculty (P/T) Institution: Temple University – Kornberg School of Dentistry Location: Philadelphia, USA
Dates 1995- 1999	Title: Graduate Teaching Associate and OMFS-Resident (F/T) Institution: University of Ulm Medical Center, Oral- and Maxillofacial Surgery Location: Ulm, Germany
Dates 1985- 1989	Title: Teaching Assistant in Physiology /PhD student (P/T) Institution: RWTH Aachen University of Technology, Department of Physiology Location: Aachen, Germany

OTHER EMPLOYMENT HISTORY

Dates 1999- 2015	Title: Proprietor/Owner Institution: Private Practice for Implant Dentistry and Oral & Maxillofacial Surgery Location: Munich, Germany and Partner with SwissBioCeramics, Seebach/Switzerl. Attending OFM Surgeon at Starnberg Medical Center (2000-2006)
Dates 2007- 2012	Title: Senior Consultant (PT) in Health Care Management and Medical Examiner Institution: Allianz Private Health Insurance, Allianz Global Investors Location: Munich, Germany (Global Head Quarter)
Dates 1995	Title: Associate Dentist Institution: Private Practice Location: Munich, Germany
Dates 1991- 1995	Title: Scientific Associate Institution: Department of Forensic Medicine, LMU University Munich Location: Munich, Germany
Dates 1989- 1990	Title: Resident Institution: Department of Diagnostic Radiology, Technical University Munich Location: Munich, Germany

Board Certification:

2006

Diplomate of the International Congress of Oral Implantologists

2006

Fellow of the European Board of Oral and Maxillofacial Surgery, Head & Neck Surgery

2002

Certificate in Implant Dentistry

1999

Board certified Specialist in Oral and Maxillofacial Surgery - Head and Neck Surgery
(German General Medical Council and General Dental Council)

HONORS/AWARDS

2020: Global Summit Institute:
A World's Top 100 Doctor in Dentistry

Invited presentations:

May 23, 2021: Webinar

Extraction techniques and other in-office oral surgery procedures for general dentists.
Global Interdisciplinary Summit (2600 global viewers)

May 1-2, 2021: Los Angeles: AOS - Spring virtual conference

Webinar: Complications management for office-based surgery
Academy of Oral Surgery (2800 global viewers)

November 21-22, 2020: Los Angeles: 2020 Global Summit: Keynote speaker

Webinar : Complex, rare, unexpected and life-threatening complications in implant dentistry
American Academy of Oral Surgery (4800 global viewers)

May 4, 2020:

Webinar:

Etiology and clinical management of surgical complications in implant related procedures.
Global Interdisciplinary Summit (8.200 global viewers)

April 22, 2020:

Webinar:

Etiology and clinical management of surgical complications in implant related procedures
International Dental Implant Association (7.800 global viewers)

April 13, 2020:

Webinar: Traditional vs Minimal traumatic vs Surgical Extractions: When to do what
Western Society of Periodontology (1.800 global viewers)

October 24, 2020, Chicago: * cancelled due to Covid-19 Pandemic

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

Western Society of Periodontology - American Academy of Oral Surgery

October 3, 2020, Phoenix: * cancelled due to Covid-19 Pandemic

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

Western Society of Periodontology, American Academy of Oral Surgery

September 11, 2020, Chicago: * cancelled due to Covid-19 Pandemic

Modern extraction techniques: 8 hour CE course: hands-on and lectures

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

International Dental Implant Association - Implant Seminars

August 31, 2020, New York City: * cancelled due to Covid-19 Pandemic

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

Western Society of Periodontology - American Academy of Oral Surgery

July 31, 2020, Las Vegas: * cancelled due to Covid-19 Pandemic

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

Annual meeting and scientific session of the Academy of microscopic enhanced dentistry

July 3, Miami: * cancelled due to Covid-19 Pandemic

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

Western Society of Periodontology

June 13, 2020, Tampa: * cancelled due to Covid-19 Pandemic

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

Western Society of Periodontology

June 5, 2020: Boston: * cancelled due to Covid-19 Pandemic

Peri-implantitis and Implant complications: How to recognize, avoid and manage:

8 hour CE course: hands-on and lectures

- Medical risk assessment of an implant patient
- Etiology, diagnosis, therapy options in peri-implantitis
- Surgical complications in implant dentistry

International Dental Implant Association - Implant Seminars

May 16, 2020: Miami: * cancelled due to Covid-19 Pandemic

Peri-implantitis and Implant complications: How to recognize, avoid and manage:

8 hour CE course: hands-on and lectures

- Medical risk assessment of an implant patient
- Etiology, diagnosis, therapy option in peri-implantitis
- Surgical complications in implant dentistry

International Dental Implant Association - Implant Seminars

April 25, 2020: * cancelled due to Covid-19 Pandemic

Etiology and clinical management of surgical complications in implant related procedures

NYU Symposium

April 22, 2020: * cancelled due to Covid-19 Pandemic

Zirconia implants: A revolution or a new reality?

Manhattan Maxillofacial Surgery Group Interdisciplinary Study Club

April 4, 2020, Miami: * cancelled due to Covid-19 Pandemic

Modern extraction techniques: 8 hour CE course: hands-on and lectures

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

International Dental Implant Association - Implant Seminars

March 13, 2020: New Orleans

Podium Lecture: Etiology and management of surgical complications in Implant dentistry

World congress: International Academy of Ceramic Implantology

And

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

February 8, 2020: Houston

Modern extraction techniques: 8 hour CE course: hands-on and lectures

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

Western Society of Periodontology

November 16, 2019: Dallas

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

Western Society of Periodontology

November 9, 2019: Miami

Peri-implantitis and Implant complications: How to recognize, avoid and manage:

8-hour CE course: hands-on and lectures

- Medical risk assessment of an implant patient
- Etiology, diagnosis, therapy options in peri-implantitis
- Surgical complications in implant dentistry

International Dental Implant Association - Implant Seminars

October, 2019: New York

Modern Aspects in Oral Implantology

Oral Surgery Society at NYU, NYC

September, 2019 : Los Angeles

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

18th Annual meeting and scientific session of the Academy of microscopic enhanced dentistry (AMED)

August 10, 2019: Atlanta

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

Western Society of Periodontology

June 15, 2019: Charlotte

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

Western Society of Periodontology

June, 25, 2019: New York City

Keynote Speaker: Etiology and management of surgical complications in Implant dentistry.

Chair: Session: OMFS, Pedodontics Dental Science, Maxillofacial Radiology

Dental Science Conference, New York City

May 11, 2019: Chicago

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

Western Society of Periodontology

May 3, 2019: New York City

Annual spring Meeting of New York Academy of Oral Rehabilitation: Union League Club New York: 3-hour presentation: Surgical and Non-surgical Exodontia, Complications Management, Concepts and Principles of Socket Preservation related to Pre-implant Extractions and Other Frequent and Common Oral Surgery procedures in General Practice

March 3, 2019: New York City

Podium Lecture: Etiology and management of surgical complications in Implant dentistry, New York Symposium: International Dental Implant Association

February 14 - 16, 2019, Tampa

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

International Academy of Ceramic Implantology

November 1-3, 2018: Los Angeles

Main Podium lecture: Etiology and clinical management of surgical complications in implant related procedures

Global Implantology Summit

June 23, 2018, San Diego

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

San Diego Dental Convention

November 9-12, 2017, San Diego

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

San Diego Dental Convention

June 6-8, 2017, San Diego

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

San Diego Dental Convention

February 16-18, 2017: Miami

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement

Lecture: Etiology and Management of complications in tooth extractions -

Lecture: Principles of GBR in daily practice

Lecture: Oral Surgery procedures in daily practice

International Academy of Ceramic Implantology

November 2016

Etiology, avoidance and management of complications in 3rd molar extractions
Geller-Award, NYU

April 2016: Pittsburg

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement
Lecture: Etiology and Management of complications in tooth extractions -
Lecture: Principles of GBR in daily practice
Lecture: immediate implant placement
Hiossen Implants Inc.

November 2015: San Diego

Hands-on course: Atraumatic extraction techniques, GBR and immediate implant placement
Lecture: Etiology and Management of complications in tooth extractions -
Lecture: Principles of GBR in daily practice
Lecture: immediate implant placement
San Diego Dental Convention

August 2015

GBR/GTR in alveolar ridge reconstruction: basic and advanced techniques: 2 webinars
Peers United/Extraction Academy, Irvine, CA

March, 2014

Implant planning in patients with large jaw defects
European Academy of Dental Education (EAZF) at the Bavarian Dental Association, Munich

January 2014

The all-on-four concept in the light of legal dentistry
Annual Meeting of Dental Experts of the Bavarian Dental Association

November 2013

Risks, Complications, Failures and “Unhappy accidents“ in Implant Dentistry
DGI study group Freising in cooperation with Straumann GmbH

August 28, 2012

Reconstruction of the Atrophic Alveolar Ridge
The University of Texas Dental Branch - Health Science Center at Houston

April 20, 2012

Implant placement in patients with large jaw defects
European Academy of Dental Education (EAZF) at the Bavarian Chamber of Dentists, Munich

March 10, 2012

Special aspects of interpretation of dental radiographs in legal expert witness statements
European Academy of Dental Education (EAZF) at the Bavarian Chamber of Dentists, Munich

June, 2011

Soft tissue management in Implant dentistry and hard tissue regeneration: different techniques and reimbursement

Allianz Private Health Insurance, Head Quarter, Munich

May, 2010

Hard tissue regeneration: different surgical techniques and overview of the most relevant grafting materials and reimbursement

Allianz Private Health Insurance, Head Quarter, Munich

October, 2010

Therapy guideline of the consensus conference therapy guidelines and their effect on reimbursement of private health insurances

Allianz Private Health Insurance, Head Quarter, Munich

2010-2015

Course co-director: European Academy of Dental Education (EAZF) in Munich:
Curriculum of legal dentistry

June 23, 2009

Surgical treatment of orthognathic and other occlusion disorders: treatment options and insurance reimbursement problems

Allianz Private Health Insurance, Head Quarter, Munich

July 3, 2008

Systemic diseases and medical conditions as risk factors for the implant site? An overview

European Academy of Dental Education (EAZF) at the Bavarian Chamber of Dentists, Munich

July 2007

“Risks, Complications, Failures and “Unhappy accidents in Implant Dentistry”

European Academy of Dental Education (EAZF) at the Bavarian Chamber of Dentists, Munich,

May 2007

Reconstruction of the Atrophic Alveolar Ridge for Implant Placement

NYU, College of Dentistry

November 2, 2006

Medical emergencies in the Dental Practice

European Academy of Dental Education (EAZF) at the Bavarian Chamber of Dentists, Munich,

November 2, 2006

August 2006

Risks, Complications, Failures in Implant Dentistry.

NYU, College of Dentistry

July 2005

Prosthetic options with implants for everybody

Starnberg Medical Center, Starnberg, Germany

2004 - 2010: CE Lectures for the Bavarian Dental Association

1	Treatment planning for the edentulous posterior maxilla
2	Bone augmentation for implant placement: keys to bone grafting
3	The maxillary sinus floor elevation and sinus graft surgery
4	Intraoral donor sites for bone grafts for implant dentistry
5	Periodontal maintenance of dental implants
6	Treatment of healing complications in implantology
7	Treatment plans for partially or complete edentulous arches in implant dentistry
8	Treatment plans for partially or complete edentulous arches in implant dentistry
9	Anti-infective, regenerative and maintenance therapy in periodontics
10	Periodontal and microbial diagnosis and treatment planning
11	Medical evaluation of the implant patient: limitations in medically compromised patients
12	Surgical preservation of teeth by apicoectomy with GBR
13	Important factors in patient selection and anatomic factors relevant for implant placement
14	The implantologist at court: as an expert witness, plaintiff or defendant
15	More treatment options in peri-implantitis: an increasing need in daily practice

Abstracts

Greater New York Dental Meeting, New York 2021

1. Vitamin D Screening and Supplementation: A Novel Approach to Higher Implant Success
Kounsali, J; Miron, R.; Talib H.; **Wiedemann, T.**

2. Robotic Assisted Implant Surgery: A Paradigm Shift in Dynamic Navigation - The NYU Dental Student Perspective
Finnie, B; George, D.; Talib, H.; **Wiedemann, T.**

3. Success or Failure of Dental Implant Osseointegration: Is OsteoMacs polarization a key factor?
Yang, R; Talib, H; Miron, R.; **Wiedemann, T.**

4. Removal of Failed Implants: A Literature Review and Guideline of Explantation Techniques.
Ishtiaq, M; **Wiedemann, T.**

5. Clinical Approach to Retrograde Peri-implantitis – A Literature Review.
Basharat N; **Wiedemann T.**

Greater New York Dental Meeting, New York 2020: Virtual

6. Removal of Failed Implants: A Literature Review and Guideline of Explantation Techniques.
Ishtiaq, M; **Wiedemann, T.**

7. Clinical Approach to Retrograde Peri-implantitis – A Literature Review.
Basharat N; **Wiedemann T.**

8. New Algorithm for Immediate Implant Placements and Selection of Bone Graft Materials.
Alshamari, M.; **Wiedemann, T.**

9. Clinical Management of Patients with Sickle Cell Anemia Requiring Oral surgery or Implant-Related Procedures.
Malik, L, Alsemari. M, **Wiedemann, T.**

2020 NYU Virtual RESEARCH SCHOLARSHIP EXPO

10. Does Bone Grafting Improve Clinical Outcomes in Coronectomy? A Literature Review.
Almontashri, S.; Aldossary N.; **Wiedemann T.**

11. Clinical Treatment Planning of a Patient with Cleidocranial Dysplasia.
Bandary, D; **Wiedemann, T.**

13. Clinical Approach to Retrograde Peri-implantitis – A Literature Review.
Basharat N; Ishtiaq M; **Wiedemann T.**

14. Removal of Failed Implants: A Literature Review and Guideline of Explantation Techniques.
Ishtiaq, M.; Basharat, N., **Wiedemann, T.**

15. Clinical Management of Patients with Sickle Cell Anemia Requiring Oral Surgery or Implant-Related Procedures.
Malik .L; Alsemari. M, **Wiedemann, T**

16. Current Understanding of the Role of Vitamin D in Implant Osseointegration and Early Implant Failure.
Jung Jin; **Wiedemann T.**

17. Comprehensive CBCT Evaluation of Facial Anatomic Variations: A Critical Factor in Implant Treatment Planning.
Schablowski I., Herrera AM, **Wiedemann T.**

18. Accuracy of Surgical Implant Placement: Comparison of Navigation Systems, Laboratory Surgical Guides and Freehand Methods.
Hesham Alouthah, Siamak Najafi A, **Wiedemann T.**

19. New Algorithm for Immediate Implant Placements and Selection of Bone Graft Materials.
Alshamari, M.; Zampara, E.; **Wiedemann, T**

Academy of Osseointegration March 2020

20. New Algorithm for Immediate Implant Placements and Selection of Bone Graft Materials.
Alshamari, M.; Zampara, E.; **Wiedemann, T**

21. Titanium Intolerance: Fact Not Fiction.
Bergamini, M; Gomez, J; **Wiedemann, T.**

22. Oral Cancer Around Dental Implants Mimicking Peri-implantitis: A Clinical Dilemma
Eriguel, J; Khoja, F. **Wiedemann, T.**

World Congress of Ceramic Implantology, New Orleans, March 2020

23. Titanium Intolerance: Fact Not Fiction
Bergamini, M; Gomez, J; **Wiedemann, T.**

Greater New York Dental Meeting, New York 2019

24. Unexpected, Rare and Severe Complications in Implant-Related Procedures.
Harary, M; **Wiedemann, T.**

25. Update on the Management of Inferior Alveolar Nerve Injuries Associated With Dental Implant Placement

Wang, L., **Wiedemann, T.**

26. Titanium Intolerance: Fact not Fiction!
Bergamini, M; **Wiedemann, T.**

27. Anchorage of Dental Implants Into Impacted Teeth: A Viable Treatment Option?
Bathini, S; **Wiedemann, T.**

28. Oral Cancer Around Dental Implants Mimicking Peri-Implantitis: A Clinical Dilemma
Eriguel, J; **Wiedemann, T.**

IADR/AADR/CADR General Session and Exhibition (June 19-22, 2019), Vancouver

29. Algorithmic Approach to Assessment of an Ailing Implant
Gomez J., Bergamini, M; **Wiedemann, T.**

2019 NYU RESEARCH SCHOLARSHIP EXPO

30. Oral Cancer Around Dental Implants Mimicking Peri-Implantitis
Khoja, F; Eriguel, J; **Wiedemann, T.**

31. Severe, rare and unexpected complications in implant surgery
Harary, M; **Wiedemann, T.**

32. Titanium Intolerance: Fact or Fiction?
Bergamini, M; Gomez, J; **Wiedemann, T.**

33. Anchorage of Dental Implants Into Impacted Teeth: A Viable Treatment Option?
Bathini, S.; **Wiedemann, T.**

34. Submerged-Root Technique: A Controversial Alternative to Avoid Significant Alveolar Bone Resorption.
Navarro, C; Gomez, J; **Wiedemann, T.**

35. The Role of Cortical Autogenous Blocks Grafts in Anterior Maxillary Defects.
Silvestre T; Bergamini M.; Rozov M.; **Wiedemann, T**

36. Fibrous Tumor in the Floor of Mouth with Frenum Involvement, - A Case Report and Review of the Literature –
Silvestre, T.; Trochesset, D.; Kumar, A.; **Wiedemann, T.**

37. Clinical Relevance of Maxillary Sinus Pseudocysts and Mucous Retention Cysts on the Outcome of Sinus Floor Augmentations: A Literature Review.
Shuaib I., El Char E; **Wiedemann, T.**

Academy of Osseointegration Annual meeting, Washington, DC (March 2019)

38. Maintaining Osteointegration of the Ailing Dental Implant: Does an immunological basis better inform current treatment modalities?

Naik, K; Soletic, L.; **Wiedemann, T.**

Greater New York Dental Meeting, New York 2019

39. Compound Odontoma associated with Impacted and Displaced Mandibular Canine.

Reis, N; Wiedemann, T.

40. "Socket Shield Technique ": A Controversy in Implant Dentistry?

Klaas, D; Wiedemann, T

41. Systematic clinical assessment of ailing and failing implants.

Bergamini, M; Gomez, J; Wiedemann, T

2018 NYU RESEARCH SCHOLARSHIP EXPO

42. Coronectomy in horizontally impacted third molar: treatment option or contraindication?

Vellani, V; Wiedemann, T.

43. The ailing implant: surgical or non-surgical approach?

Vellani, V; Wiedemann, T.

44. Odontoma associated with Impacted and Displaced Mandibular Canine - A Case Report with Review of Literature.

Reis, N; Wiedemann, T.

45. Zirconia implants: Emerging Revolution in Implantology

Demyati, A; Wiedemann, T.
