

Prof. Dr. Alireza Heidari, Ph.D., D.Sc. is a Full Distinguished Professor and Academic Tenure of Chemistry and also Enrico Fermi Distinguished Chair in Molecular Spectroscopy at California South University (CSU), Irvine, California, USA. He has got his Ph.D. and D.Sc. degrees from California South University (CSU), Irvine, California, USA. Furthermore, he has double postdocs in Project Management, Oncology, Human Cancer Tissues and Synchrotron Radiation from Monash University, Melbourne, Victoria, Australia and also in Nanochemistry and Modern Molecular Electronic–Structure Computations Theory from California South University (CSU), Irvine, California, USA. His research interests include Biophysical Chemistry, Biomolecular and Biomedical Spectroscopy, Quantum Chemistry, Nanochemistry, Modern Electronic Structure Computations, Theoretical Chemistry, Mathematical Chemistry, Computational Chemistry, Vibrational Spectroscopy, Molecular Modelling, Ab initio & Density Functional Methods, Molecular Structure, Biochemistry, Molecular Simulation, Pharmaceutical Chemistry, Medicinal Chemistry, Oncology, Synchrotron Radiation, Synchrocyclotron Radiation, LASER, Anti–Cancer Nano Drugs, Nano Drugs Delivery, ATR–FTIR Spectroscopy, Raman Spectroscopy, Intelligent Molecules, Molecular Dynamics, Biosensors, Biomarkers, Molecular Diagnostics, Numerical Chemistry, Nucleic Acids, DNA/RNA Monitoring, DNA/RNA Hypermethylation & Hypomethylation, Human Cancer Tissues, Human Cancer Cells, Tumors, Cancer Tissues, Cancer Cells, etc. He has participated at more than eight hundred reputed international conferences, seminars, webinars, congresses, summits, meetings, symposiums and forums around the world as yet. Also, he possesses many published articles in Web of Science, Scopus, SCIE, SSCI, AHCI, ESCI, HEC, PMDC, PubMed, Medline and NLM. It should be noted that he has visited many universities or scientific and academic research institutes in different countries such as United States, United Kingdom, Canada, Australia, New Zealand, Scotland, Ireland, Netherlands, Belgium, Denmark, Luxembourg, Croatia, Romania, Greece, Russia, Estonia, Ukraine, Turkey, France, Switzerland, Germany, Sweden, Norway, Finland, Italy, Austria, Czech Republic, Hungary, Poland, South Africa, Egypt, Morocco, Brazil, Spain, Portugal, Mexico, Japan, Singapore, Malaysia, Indonesia, Thailand, Taiwan, Hong Kong, Philippines, South Korea, China, India, Kingdom of Saudi Arabia, Jordan, Qatar, United Arab Emirates, Kuwait, Oman, etc. as research fellow, sabbatical and volunteer researcher or visitor and so on heretofore. In addition, he had been visiting professor and research associate at the Delaware State University (United States), Sheffield Hallam University (SHU) (England), University of Cartagena (Spanish: Universidad de Cartagena) (Spain) and also Ege University (Turkey). He has a history of several years of teaching for college students and various disciplines and trends in different universities. Moreover, he

has been a senior advisor in various industries, factories and companies. He is expert in many computer programs and programming languages. Hitherto, he has authored more than twenty books and book chapters in different fields of Chemistry. Syne, he has been awarded more than one thousand reputed international awards, prizes, scholarships and honors. Heretofore, he has multiple editorial duties in many reputed international and peer-reviewed journals, books and publishers. Hitherward, he is continuous member of more than eight hundred reputed international academic-scientific-research institutes around the world. It should be noted that he is currently board member of the World Association of Theoretical and Computational Chemists (WATOC), continuous member of the American Association for Cancer Research (AACR), Philadelphia, Pennsylvania, USA, continuous member of the American Society for Biochemistry and Molecular Biology (ASBMB), Rockville, Maryland, USA, the President of the American International Standards Institute (AISI), Irvine, California, USA and also Head of Cancer Research Institute (CRI) and Director of the BioSpectroscopy Core Research Laboratory (BCRL) at California South University (CSU), Irvine, California, USA.
